## ■ About us

Establish in 2011, Master Pallet has been in packaging and manufacturing industry for many years. Master Pallet has used to work with all types of customers- local and global, large or small.

Exceptional quality and reasonable price are the foundation of our company, and are the driving force behind all decisions. We ensure we meet our customers' needs by delivering our products on time.

## ■ Workshops and Production

Our line of production consists of three main products: wooden pallet (new), wooden pallet (recondition), and plastic pallet.

We have 9 (nine) workshops in total located in West and Central Java to help meet our production schedule. Our production capacity reaches up to 30.000-50.000 pcs pallet per month.
